8. **NEW BUSINESS**

1. Snow removal

L. Murray circulated a copy of the City's Winter Maintenance Policy. Member Bamber described the process he went through to in order to get an explanation as to why the accessible parking spots were not cleared after the early November snowstorm. He added that during talks with C. Davis, Supervisor of Public Works and Parks he was told that there was nothing specific in their policy that dealt directly with snow removal in accessible parking spots. In addition, C. Davis stated that due to the approaching warmer temperatures they would not be doing snow removal after this storm as is it very costly. Member Bamber explained that anyone with an accessible vehicle could not park downtown as it was impossible to get their ramps out due to the snowbanks. Member Bamber thinks that BMAAC should send a letter to the businesses along King Street to put the onus on them to remove the snow. Member Billing suggested going through the DBIA and Chamber of Commerce. Regardless this would have to be approved by Council. Member Billing stated that he will talk to Mayor Baker regarding this problem and BMAAC's ideas.

Moved by: Member Bamber

Seconded by: Member Greenwood

THAT the existing winter maintenance does not discuss snow clearing for accessible parking spots or access to transit stops; BMAAC is requesting a review on this topic and the removal of these barriers.

2. Aquatarium signage

Member Billings stated he had received a inquiry from a citizen regarding the lack of accessibility at the entrance to the Aquatarium. He added that between Tall Ships planter, and various sandwich boards there is very little room to enter the building. Member Billing spoke to the Executive Director at the Aquatarium and a she is good with making changes in where the signs are set and updating staff with regards to their placement.

3. The Noshery - outdoor patio

The Committee discussed the patio application and L. Murray explained the process. BMAAC felt their only concern is to ensure if meets the width standards set out by the AODA.

4. Transit task force

Member Greenwood offered a brief review of the Transit Task Force's latest draft report.

9. **SUB-COMMITTEE AND MEMBER REPORTS/PROJECT UPDATES**

1. Accessible parking review

Member Billing explained that J. Mulder at the City will provide this data to the Committee. Her numbers will state where all the spots are and what type.

10. CAPITAL BUDGET - REVIEW

1. No changes from October

11. **ONGOING TOPICS**

- 1. Accessible matting beaches
- 2. Waterproof wheelchair
- 3. Accessible City parks and islands inventory
- 4. Accessible water taxi

Re:

Sherwood Park Manor Transit Cost Sharing

The City of Brockville's Para Transit System serves the long-term care facilities located in Elizabethtown-Kitley, immediately east of the city limits. At the March 14, 2000 meeting, Council adopted a resolution that for these facilities to have access to the service, that they contribute financially to the cost of operating the service.

The City's funding formula allocates 50% of the cost of each ride be paid by the facility. Each year, the City calculates the total amount owed by each facility using the total cost to operate the service, and determining the percentage of rides that are going to each facility. Beginning in 2016, Sherwood Park Manor requested to be billed monthly rather than annually, and since that point have received a monthly invoice from the City of Brockville for all Para Transit rides accessing Sherwood Park Manor. In 2018 there were 1,073 rides to Sherwood Park Manor and the total cost per ride for Para Transit was \$33.80. As such, the 2019 rate for Sherwood Park Manor was set at \$16.90.
